Personal Statement

Having delved into the world of digital marketing, I have gained valuable insights into the ever-evolving landscape of online strategies, including social media marketing, content creation, and search engine optimization. Through this course, I have developed a strong foundation in leveraging digital platforms to maximize brand exposure, engage target audiences, and drive measurable results. My past work experiences has equipped me with essential transferable skills that align perfectly with the demands of the creative agency environment. I am confident in my ability to contribute to your agency's success.

Work Experience

Support Worker @ Community Integrated Care · Full-time

Apr 2019 - Present · 4+ yrs

As a support worker, I would involve providing compassionate and practical support to individuals experiencing mental health challenges, with the aim of helping them to lead fulfilling and independent lives. Such as these main responsibilities would include:

- Assessing the needs of the individuals I am working with, including their physical, emotional, and psychological needs.
- Develop care plans based on the individual's needs and preferences, in consultation with other healthcare professionals.
- Providing practical assistance with daily living activities such as personal care, meal preparation, and housekeeping.
- Monitoring the progress of individuals under my care, and reporting any changes or concerns to other healthcare professionals.
- Ensuring that individuals receive appropriate medication and treatment, in accordance with their care plan and medical orders.
- Maintaining accurate records of care and treatment provided, and reporting on the individual's progress and response to treatment.

Learnt skills: Skills: Communication · Basic Life Support (BLS) · Customer Support · Inpatient Care · Event Planning · Technical Support

PTS Trackman @ Redstone Rail · Indirect

Aug 2018 - Aug 2019 · 1 yr 1 mo

I have worked on or around various sites/projects, for example, I have experience in civils, and P-way work, which in turn has given me experience in the following areas;

- Re-padding
- Sleeper change (wooden, concrete or steel)
- Groundwork
- Cable Pulling
- Transposing rail
- Troughing containments
- Ballast work (Packing, and more)

Learnt skills: Rail Safety · High Speed Rail · Rail Operations · Technical Support · Construction Safety · Manual Dexterity · Practical Creativity · Strategic Planning

Assembly Line Worker @ Omega Resource Group Ltd

Mar 2018 - Oct 2018 · 8 mos

My role as an assembly worker is to ensure the product is built correctly by studying assembly instructions from start to finish on the assembly lines using blueprint specifications and parts lists; gathering components, subassemblies, tools, and materials. Developed a general understanding of how to execute manufacturing processes to deliver high-quality parts to customers. Assembled products for multiple Fortune 500 companies including Jaguar Land Rover also supported team members in completing projects at the company work site in a fast-paced environment.

Learnt skills: Experiential Learner · Strategic Planning · Easily Adaptable · Presentation Skills · Time Management

Hobbies and Interests

I enjoy constructing or fixing components around the house with my dad as it is an intriguing interest on how things work. I also like to fix cars, bikes as it gives me a small insight on mechanics I especially love this hobby because it is challenging, and I solve how to fix the problem with the car or bike. However, I am also interested in multi-skilled engineering as I am taught electrical, mechanical and maintenance engineering, which intrigues me as I taught as a variety of engineering skills in different areas. I have also a keen interest in Arduinos, which are a tool for making computers that can sense and control more of the physical world than your desktop computer.
